PRESIDENT'S MESSAGE

Dr. Campbell, Dr. Christman, the Rev. Dr. Burck, honored guests, friends and fellow Alumni, it is a privilege for me to again be here as your President and share a few thoughts with you.

Again, I want to express my appreciation to Dr. Luther Christman and The College of Nursing for the lovely tea and tours shared this afternoon. I know that Miss Ruth Johnsen and Quality Assurance Coordinators have spent hours in preparing for the activities of the afternoon. This expressed token by the College of Nursing certainly does convey to all of us the linkage of nursing past, present and future.

Also, I want to thank Ms. June Taylor, Margaret Farwell and their colleagues from Philanthropy and Communication for their assistance with activities of the day, and to Miss Virginia Pinney, Director of Food Services and Mr. Hugh Cunningham, Manager, Room 600, for the food at the tea.

The Medical Center wishes to continue to inform you of the developments and educational activities taking place on campus. For those of you who are members, Philanthropy and Communication is sending you meaningful publications in addition to the Alumni News and Views. For those of you who are not members of the Alumni, there is need for your membership and active participation. Interested Alumni may procure information from Miss JoAnn Young, Chairperson of the Membership Committee or any member of your Alumni Board. By joining us, your needed innovations can be instituted.

Your President personally wants to thank all of you who have so generously given of your personal resources in the recent annual fund raising campaign. These monies are used to support the College of Nursing's endeavors and to continue to maintain our Golden Lamp Society which will reflect in high standards of patient care, education, research and community affairs.

Through the efforts of Dr. William Hejna and Philanthropy and Communication you will note that several physicians and administrators have joined us in the support of the Golden Lamp Society. I know that their belief in our professional goals as nurses is a tribute to our profession and to the good works of all nurses contributing to the patient care efforts at the Medical Center;

The Alumni again this year gave our pledge of five thousand dollars to the Skills Laboratory of the College of Nursing which is being used for more sophisticated audiovisual materials and self-learning modules. To date, we have given fifty thousand dollars to the Skills Laboratory. I'm certain some of you have seen the plaque on the door of the Skills Laboratory noting our support.

The past year has been a busy and meaningful year for your Alumni. A few of the more noteworthy endeavors are as follows:

1. Presentation of two Alumni Awards in recognition of achievement and meritorious service to the Alumni Association.
2. Fund raising projects chaired by Judy Dombrow supporting your Alumni in which so many of you gave so generously of your talents and time.
3. Breakfast honoring the graduates of the Rush College of Nursing.
4. Representation of your President at the third Honors Ceremony of Rush University to present our award to the outstanding senior.
5. Collaboration with the College of Nursing and Continuing Education, Quality Assurance, in making it possible for Alumni to attend the workshop "The Rheumatic Diseases: Prospect and Retrospect" tomorrow.
6. Educational programs with Continuing Educational Units.
7. Opportunity for the President and Second Vice President to travel to sunny California and share activities of the Alumni and Medical Center with our Southern California Alumni Association.

All of these meaningful endeavors would not have been possible without your support; and in particular, the Board of Directors.

I know that this is a great night for class reunions and am certain that all of us on the Alumni Board thank you for your patience in making your arrangement for this great day due to three date changes in the Program and Social Committee and a change in address. May I say that it would be helpful to us if you would leave your correct address on your table if we don't already have it as we have found some confusion in knowing how to reach you. Again your cooperation is appreciated. May you enjoy your renewed friendships and our city.

EDITOR'S NOTE

Our first mailing under bulk rate went well. It has come to my attention that some may have thought the date of the issue of News and Views meant that it was mailed during that month. While we tried to adhere to that schedule, we were not always able to do so. So far the time involved in bulk rate is approximately the same as second class. Our only source of information about Alumni members comes from YOU. We need your help and cooperation to keep Alumni members up to date. I ask each of you to take the time to write us a short note about your activities and family. Please include your complete address as well as the addresses of each of your classmates. It is most important that we keep our files current.

Please continue to direct ALL mail to our new address:

GRADUATION BREAKFAST

JUNE, 1980

On behalf of The Alumni Association, I want to thank Rush University for the opportunity of participating in the Fourth Honors Program for the recognition of outstanding graduates.

It is my privilege to present our award to Miss Deborah A. Kerr who has excelled in the three criteria upon which our award is based---scholarship, clinical excellence and citizenship.

After high school, Deborah enrolled at the University of Wisconsin at Kenosha in 1972 where she planned to major in Spanish. After two years she moved to Bolivia, South America where she continued her education by auditing courses.

In 1974 Deborah was employed as a bilingual secretary at Children's Memorial Hospital, Chicago, Illinois in the Social Service Department where she had opportunity to observe the "nurse" who made a lasting impression on her and assisted her in selecting the nursing profession as her goal. She then enrolled at the University of Illinois, Circle Campus for the academic year of 1977-1978 in preparation for entering Rush College of Nursing.

Deborah has an outstanding academic record and has been on the Dean's list. She is a strong assertive leader who actively seeks out constructive solutions to curricular concerns. She is highly motivated and goal directed. She has distinguished herself by the following:

- Member of Behavior I Task Force, Senior Year.
- Recipient of Nurses Alumni Scholarship, Senior Year
- Co-coordinator of First Pinning Ceremony
- Senior Buddie to a Junior Student

Deborah has demonstrated excellent clinical performance as is reflected in her clinical evaluations. She is sensitive to her client's needs and particularly loves the social psychological aspects of care. Her immediate goals include employment in the Birth Rooms at our hospital where she plans to combine her expertise that has been provided to her through the College of Nursing and her broad background preparation in the Spanish language.

Her long-term goals include returning to school for further education and becoming a nurse practitioner.

At this time I would like to present Deborah Kerr for our award as the outstanding senior in the College of Nursing.

MESSAGE FROM THE PRESIDENT

This past summer continued to be an extremely busy time for our Alumni Association. We again were privileged to sponsor the graduation breakfast for the graduating senior nursing students and the graduating graduate students.

Again it was my pleasure to present the award to the outstanding graduating senior nursing student at the HONORS CEREMONY which was followed by a luncheon at the Art Institute prior to graduation. It was an exciting day to see so many fine young people who have chosen our profession as their career.

With our fall activities upon us, I'm certain that we look forward to a productive year while the student nurses are looking forward to their academic year at a time when the demands of increasing prices are so much a part of their world. Are you aware that the tuition for one quarter in the under-graduate program is \$1,150.00 and for the graduate programs it is \$1,375.00? We are most appreciative to all of you and our Medical Center Colleagues (physicians, administrators and nurses) who have joined the Golden Lamp Society and to all of you who have graciously continued to support our Bazaar with the beautiful items that you have created. With your help, we continue our support of the College of Nursing.

Finally, it was with regret that we accept Mary Romero's resignation from our Alumni Board on which she has so faithfully served over the past several years. We do want to wish Mary well in her new endeavors as Director of Nursing Service at the Admiral Hospital in Istanbul, Turkey.

Respectfully submitted,
Joyce M. Stoops
President

BAZAAR HAPPENINGS

Plans are proceeding well for our Third Annual Holiday Bazaar. It will be held on Monday and Tuesday, December 1 and 2, 1980 in the corridors of the medical center. Hand made donations of all kinds are urgently needed. Please send your donation as early as possible to insure its arrival before the sale dates. Please include your suggested price as well as a self addressed stamped postcard or envelope so we can confirm its arrival.

Volunteers are needed to provide baked goods and candy which are popular treat items to be consumed at break and mealtime. Volunteers are also needed to staff the tables on the days of the sale. Sales are brisk and much manpower is needed to facilitate sales quickly as time is limited for the employee.
